

CITY DUMP TRUCK PROGRAM

In an effort to assist Wellington residents with clean-up and disposal of unwanted materials on their property, the Wellington Public Works Department is offering, for a minimal fee, a dump truck service.

1. There will be a prepaid \$25.00 charge to the requesting party to help defray the landfill disposal fee.
2. Property must be located within the Wellington City Limits.
3. Trucks are available to property owners for clean up of trash and disposal of debris. They are not available for commercial use, or by contractors, roofers, etc. Appliances and remodeling, demolition or construction waste are strictly prohibited. Also, please do not deposit grass, leaves, yard waste, or tree limbs, as these need to go to the Compost Site.
4. The dump truck will be placed at the requested address at approximately 4:00 PM and picked up for dumping at 8:00 AM the following morning. Please plan for the best location for your needs, as customers will not be allowed to drive or move the dump truck.
5. Trucks will be placed Monday through Thursday nights only.
6. Users of the program should anticipate having a full load before requesting the truck. Partnering with neighbors is an option to obtain a full truckload.
7. Please separate or group the waste/debris in the truck as best that you can to allow more efficient unloading for the City staff.

The Wellington Public Works Department encourages citizens to take advantage of this service to clean up their properties and dispose of unwanted items. Also, citizens are reminded to take advantage of Recycling and Composting programs that the City provides at no cost.

REMINDER

There are also 2-yard metal dumpsters available for rent through the Sanitation Department @ 326-6252. There is a dumpster rental fee of \$25.00 per month plus \$8.00 per pick-up. These dumpsters have the same restrictions for materials as the dump truck.

If you have any questions, please call the Wellington Street Department at 326-7831.
