Date: OCTOBER 23, 2017

Re: Mastic Seal on Streets Planned This Week

The City of Wellington Street Department will begin mastic-sealing the following streets on Tuesday ~ October 24, 2017:

Sykes Road (Edgewood Drive to Melody Lane)
Industrial Road (Hillside Avenue to Commerce Road)
Commerce Road (Industrial Road to 81 Highway North)
160 Highway East (Woodlawn Avenue to Casey's)
Golf Course Road/High Street
Shadybrook Drive/Shady Lane
Crusader Drive (School Drive to Woodlawn Avenue)

Mastic One is designed for large cracks and distressed surface areas too small for re-paving. It is a versatile, hot-applied, pourable, self-adhesive rigid asphalt binder containing selected aggregate to ensure good load bearing and skid resistant characteristics.

Benefits:

Does not require compaction to achieve 100% density.
Flexible and can withstand weather, traffic and thermal movement.
Waterproof and provides an airtight seal.
Adheres to both asphalt and concrete surfaces.

For more information, please contact the Street Department at 326-7831.
